

MASSA Baker Championship
 April 24-25, 2010
 Hosted by the Annapolis Yacht Club and Severn Sailing Assoc.

Regatta report:

Teams were initially seeded and split into two even groups, competing in either AYC or SSA 420s on the same course. Races were postponed Saturday morning due to no wind. Light and variable winds in the early afternoon made racing possible, but kept the race committee busy with constant course adjustments. 30 races were completed to finish the first 2 seeded rounds of racing. Teams were placed into Gold and Silver fleets based on these results.

Racing was again postponed Sunday morning due to no wind. The breeze eventually filled, but was light and variable. The silver round was cancelled after only 3 races in order to facilitate finishing the gold round. The wind settled to 5-7 kts from the NE for the second half of the gold round. 1 sail-off was held to break a tie for 4th, and another at the end of the final four to break a tie for 1st.

Thanks very much to the race committee, with PRO Jay Kehoe, for running great races despite the very challenging conditions. Also thanks to the umpires who volunteered their weekends for this event, including chief umpires Liz Hall and Jonathan Bartlett. One protest was heard on shore, resulting in one DSQ. Also thanks to the Eastport Yacht Club for offering their facilities and docks for rotations and spectating. The event was broadcast live by connect757.com and sailgroove.com.
